Comment

ETD to incoterms

PLEASE READ AND CONFIRM BELOW

PO CONFIRMATION:

Upon receipt of the purchase order (PO) any changes or comments are to be flagged and communicated back by the Supplier within one week. If no comments are made, the PO is considered approved and effectively a legally binding agreement.

By accepting the order from KS all points stated in your contract will apply:

- ETD is the date/time when the vessel or container is expected to start off from the port of origin not the day of handover.
- If test or QC has been requested by KS all passed test have to have been received before ETD. If orders are sent without a passed test or QC rapport the goods can be returned to supplier on suppliers cost. Booking of QC is suppliers own responsibility.
- If an item failed in test or QC and ETD can't be kept, other transport terms will have to be agreed as stated in the contract.
- Products that are undergoing lab-testing may not be shipped without a passed test report unless approved in writing. Failure to comply will cause a 1-time fee of 5.000 USD plus variable costs and losses associated hereto.
- If you have certifications such as FSC, GOTS, Mulesing Free, Oeko-Tex etc. please send certificate after received PO.
- If you are a Chinese supplier remember to send a GSP with all shipments.

DELIVERY TERMS: If nothing else agreed the delivery term is FOB

PACKING: If nothing else is agreed goods should be packed in individual polybags.

PAYMENT TERMS: According to signed Production Agreement between Supplier and Konges Sløjd.

LEAD TIME TERMS: Supplier will pay an immediately due penalty of five per cent (5%) of the Purchase

Order value per full week delay from the date stipulated on the Purchase Order. Principal may, however, at her own discretion instruct Supplier to alternatively pay in full the cost difference for a faster mean of transportation in the event this is practically feasible to the actual situation. If a mutual agreement on such an arrangement cannot be reached, the five per cent (5%) penalty per full week of delay applies regardless of the actual circumstances.

SHORT-, OVER- AND PARTIAL SHIPMENTS: Short-shipments are not acceptable. In case of any issues in production the Supplier must inform us prior to sending the goods. Part-shipments are not allowed unless agreed to by Konges Sløjd in writing. Any part-shipment sent without written agreement will be considered as a short-shipment and claimed as such. Over- or underproduction of up to 3% (three per cent) rounded up to every 1 (one) piece per Style, colour and size is accepted per order. For the sake of certainty, the over- or underproduction percentage allowed, applies per ordered Style, colour and size and explicitly not to the total amount of the order. On Purchase Orders of less than 1000 (one thousand) pieces, the allowed deviation shall be plus/minus 5% (five per cent) rounded up to every 1 (one) piece per Style, colour and size.

FORCE MAJEURE: Neither of the parties hereto shall be liable for failure to perform any of its obligations under this Agreement, if such performance is prevented or made impracticable due to, including but not limited to, conditions of war, fire, flood, pandemic, earthquake or by any other similar unforeseeable severe cause beyond its control ("Force Majeure"). In the event of the occurrence of a Force Majeure, the obligations of each party to perform under this Agreement shall be suspended until the cause no longer prevents or makes impracticable either party's performance at which time all obligations shall resume. In the event of a Force Majeure the Party concerned will promptly inform the other Party of such event of Force Majeure. The Party which is prevented from meeting its obligations due to force majeure must do its utmost to overcome the force majeure obstacles.

SUBCONTRACTORS: Any use of Subcontractors that has not been pre-approved by Principal shall be considered un-authorized subcontracting. Un-authorized subcontracting will constitute a material breach of this contract and shall instigate a penalty of 10.000 (ten thousand) USD per breach detected. Further, no orders will hereafter be submitted until the case is resolved ie. That the penalty has been paid in full and that the un-authorized Subcontractor has been either discontinued, replaced, or approved for use by Principal.
